

Horses, Pigs, and Cows

This free sample worksheet is from a 17-page resource by the same title. I use this in class to help students practice with integers and to get them to understand the concepts of systems of equations. It also fosters number sense, develops proportional reasoning, and transitions students into algebraic thinking.

You can preview the complete handout at this address:

Answer Key:

Activity Master 1

	Horses	Pigs	Cows
A)	9	5	3
B)	6	2	12
C)	11	6	3
D)	14	1	7
E)	10	13	12
F)	20	13	6
G)	17	4	17
H)	16	0	11
I)	16	14	15
J)	9	15	19

Horses, Pigs, and Cows

Name _____

Date _____ Class _____

Find the number of horses, pigs and cows in the circle, square, and hexagon. The clues between the polygons tell you the sum of the animals in the adjacent pens.

Example:
